

TOURS OF OCEAN PALMS

Moving to our area? Interested in seeing Ocean Palms in person? Take a tour! These Wednesday afternoon tours are led by trained student leaders who are accompanied by a staff member. They are designed to show prospective students and their families Ocean Palms from our students' perspectives.

In order to take a tour of our campus, all adults*, including realtors, attending the tour must first complete the school access application online (<https://stjohns.keepntrack.com/apply/>) and pass the background check. It is highly recommended you include your middle name for fast and accurate processing; or, if none, then use the acronym "NMN" for no middle name.

After all adults attending the tour have completed the online application, please call Kerry Fodor at 904-547-3760 so she may check your application status and sign your family up for a Wednesday 2:15 p.m. tour.

Please arrive for your tour no later than 2:10 p.m. as tours start promptly at 2:15 p.m. All adults must bring their driver's licenses with them as identification to sign in upon arrival for the tour at the front desk. Sorry, no exceptions.

****If you are an International moving to the United States, and you or anyone in your party does not have a Social Security number, then do not complete the online school application and instead telephone Mrs. Fodor for alternate procedures.***
