OPE's VPK PROGRAM – GENERAL INFORMATION

A child must be four years old on or before September 1st.

VPK at OPE is a full day program and follows the SJCS D Calendar.

The VPK Program consists of classes which blend VPK students with PreK students who have qualified needs such as: speech delay, language delay, developmental delay, etc. Each classroom will have a highly qualified teacher holding a bachelor's degree in both Early Childhood Education and Exceptional Student Education and one paraprofessional.

Our VPK students are positive role models for the PreK students. We encourage our VPK students to be leaders as they prepare for Kindergarten. Your child will become acclimated to the "big" public school setting, and they will transition quickly into Kindergarten.
